NEW ACCOUNT APPLICATION

By filling out this application, you are becoming a member of a unique and well-respected financial organization.

When credit unions began in the 1840s in Germany, members opened savings accounts with an initial deposit representing shares of ownership.

This "ownership" enabled members to participate in all of the credit union's products, services, and profits – called dividends. To this day, credit unions retain this basic concept in their "share" savings accounts.

At New Community Federal Credit Union, we have been serving the financial needs of current and former employees and their families since 1984. We are proud of our Credit Union and welcome you to our family, where "once a member, always a member."

The attached application will open your basic savings, club, or custodial account.

SHARE SAVINGS ACCOUNT

This is our basic savings account establishing membership in the Credit Union. As little as \$5.00 will open an account. Your savings will begin earning dividends from the date of deposit to the date of withdrawal. Dividends are posted to your account quarterly.

CLUB ACCOUNT

With an NCFCU Holiday or Vacation Club account, you can set aside money to plan for holiday gifts or that special vacation. Automatic payroll deduction will make saving easy. Sign up today!

CUSTODIAL ACCOUNT

This account allows members to build a secure financial future for their minor children or grandchildren. A custodial account is a smart way to plan for your children's financial needs.

STANDARD DISCLOSURE STATEMENT

- Dividends are computed from date of deposit to date of withdrawal (minimum balance requirement \$5.00).
- Dividends are compounded monthly, posted quarterly.
- The account must remain open through the first day of the month for the dividend to be posted.
